Keynote Speaker

Ret. Lt. General Jerry Boykin

LTG (Ret) William G. "Jerry" Boykin was one of the original members of the US Army's Delta Force. He was privileged to ultimately command these elite warriors in combat

operations. Later, Jerry Boykin commanded all the Army's Green Berets as well as the Special Warfare Center and School.

In his thirty-six years in the army, LTG Boykin also served a tour with the CIA. He has participated in clandestine operations around the world and served his last four years in the Army as the Deputy Under Secretary of Defense for Intelligence. Today he is an ordained minister with a passion for spreading the Gospel of Jesus Christ and encouraging Christians to become Warriors in God's Kingdom.

Since June of 2012, Jerry has been serving as the Executive Vice President of the Washington DC based Family Research Council.

LTG Boykin will renew your passion to keep fighting for the lives of the unborn.

THOUGHTS FROM THE DIRECTOR

In addition to working for our local Right to Life organization, I also have the privilege of working for Indiana Right to Life which means I see the great things that are happening at the state level. Some encouraging things were shared at a recent Indiana Right to Life board meeting, including working on messaging to Millennials, steps being taken to make sure all the life-related laws on the books are being followed, and continuing to work with state legislators to see more life-saving laws passed.

Locally we have some great plans for the fall, including the annual Fall Banquet (page 1) and a Leadership Luncheon (page 3), planning for a fall workshop day for pastors and church leaders, and a Life Defenders Training planned by our area Students for Life leaders. I am excited about the future of the pro-life movement in north central Indiana because of the great board, staff, volunteers and supporters that I am honored to partner with in the effort to make a difference for LIFE!

Donations always slow down some during the summer months, so your financial support will be especially appreciated over the upcoming months.

For Life,

Dave Koontz
