MAKING THE CASE FOR LIFE

Life Guardians is a one-day training designed to equip high school through college-age youth to be effective ambassadors for LIFE!

Many today reject or are indifferent to the pro-life view, having been influenced by culture or because they've never heard the pro-life position presented in a compelling manner.

Life Guardians Training will deepen one's understanding of abortion, diving into the issue three-fold: spiritually, philosophically, and scientifically.

The training will help students learn how to confidently hold a position and communicate intelligently and graciously to the most pressing issue of our time: abortion.

WORKSHOP PRESENTERS

Mike Spencer of *Project LifeVoice* travels extensively throughout the United States equipping pro-life advocates on high school and university campuses. Mike is a gifted and much sought-after communicator who brings a compassionate heart to the often emotional and divisive issue of abortion in a way that is both gracious and compelling.

Seth Drayer is the Vice President for *Created Equal*, a pro-life education and outreach organization. Seth leads *Created Equal's* mission to equip preborn defenders with the scientific and philosophic case for life and conversational skills to create dialogue about abortion in their hometowns. Seth also engages university professors in formal debate, and has appeared on national television shows Fox & Friends and Hannity.

Ian Spencer is the Director of Programs for *Created Equal*. Over the past 14 years, Ian has spent thousands of hours advocating for preborn children on high school & college campuses, downtown squares, and in front of abortion facilities. Ian has been in full-time pro-life ministry since 2015.
