MAKING THE CASE FOR LIFE

Life Guardians is a one-day training designed to equip high school students to be effective ambassadors for LIFE!

Many today reject or are indifferent to the pro-life view, having been influenced by culture or because they've never heard the pro-life position presented in a compelling manner.

Life Guardians Training will deepen one's understanding of abortion, diving into the issue three-fold: spiritually, philosophically, and scientifically.

The training will help students learn how to confidently hold a position and communicate intelligently and graciously to the most pressing issue of our time: abortion.
